DETAILED ACTION

Allowable Subject Matter

Claims 1, 5, 6, 10, 12, 15-17 are allowed.

The following is an examiner's statement of reasons for allowance: Claims 1 and 6 are allowable because the prior art does not teach or fairly suggest a modular analyzer system a specimen rack conveying part for reciprocally conveying the specimen rack to at least two analyzers, and the specimen rack conveying part having an ongoing straight path and an incoming straight path which are substantially straight over their allover lengths. Further the specimen storage part being independent from one another and being arranged on a floor so that each of them is independently removable. All depending claims are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
